

WHEN TIME BEGAN

**When time began God walked with man
Perfect world and perfect plan
But man rebelled and broke God's heart
Sin and death tore them apart**

**Then Jesus came to shed His blood
Reconciling man to God
That we may come through faith in Him
Once for all to be redeemed**

CHORUS

**Hallelujah!
Jesus our Redeemer
Hallelujah!
Freedom is our song**

**Now blessings flow from heav'n above
All because His precious blood
The throne of grace for you and me
No more chains but liberty**

CHORUS

**Today we stand to share this truth
God with us in all we do
The fullness of His majesty
Through His Spirit all may see**
